- > Rain or shine. Children welcome. Invite a friend!

**WHAT IS A FOOD HUB? COULD LOCAL FARMERS AND OUR REGIONAL ECONOMY BENEFIT FROM THE CREATION OF A FOOD HUB? JOIN US FOR ANSWERS!**

Back in January the Region 2000 Local Government Council (LGC) was awarded a grant to conduct a feasibility study for establishing a regional food hub.

Join us for a conversation with Phillip of ACDS who is seeking input (on behalf of the LGC) from local direct-to-consumer farmers and others. Learn about the study, give your input and help shape the future of the agricultural economy in the Lynchburg area.

All are welcome but local farmers are especially encouraged to come and give feedback.
